Welcome

Your dentist has referred you to an endodontist. Endodontists are dental specialists who have additional education and training in root canal therapy and other procedures involving the dental pulp. They are experienced in treating complicated cases, traumatic injuries and can usually save teeth which would otherwise be lost.

Since endodontists limit their practices to pulp-related procedures, you will need to return to your family dentist for the final restoration of the tooth. Your dentist then continues to oversee your dental care including regular check-ups and cleaning.

Please advise our office if you have any special needs when you make your appointment. We realize that your time is valuable. Our office is dedicated to keeping you comfortable during and after treatment, honoring your appointment time and providing you with a clean and cheerful environment where strict infection control procedures are followed. We look forward to serving you.

401 Gregory Lane, #118 Pleasant Hill, CA 94523 (925) 676-3388

From Southbound 680: Exit Gregory Lane Continue onto Gregory Lane Turn Right on Kahrs Ave.
